

Direct Vendor Links to iCONN Databases

These database vendor URLs bypass the iCONN federated search portal and authentication.

For these URLs to work properly: you must register your library's IP range(s) with each vendor's technical support department.

Vendor contact info can be found at: <http://www.iconn.org/staff/DatabasesContacts.aspx>

For non-IP authenticated access: Contact each vendor's technical support about set-up options.

-- EBSCO and Gale URLs allow library barcodes.

-- ProQuest can accommodate library barcodes, but libraries must contact ProQuest tech support to set up.

Library Type	Vendor/Database	URLs
EBSCO (IP, proxy and barcode authentication)		
College	CINAHL with Full Text	//search.ebscohost.com/login.aspx?authtype=ip,uid&profile=ehost&defaultdb=c8h
